Hi David,

I know we had a quick chat about this before the August AMSG meeting and I expressed some concern that WDNR's slides read as if a response was still expected. Region 5 thought that this was addressed with the subsequent monitoring network plan submittal that included the Kohler-Andrae monitor. You said you'd get back to me about whether a response was needed or not. As it turns out, new Region 5 correspondence requirements now require a response to *all* letters from states, excluding SIPs, whether or not we think a response is warranted or not. So, here's the response I've drafted.

Please let me know if you have any concerns or comments. I have an October 4 deadline to get this off my plate.

Thanks,

Doug
